ANGELABOVEFOUND@VERIZON.NET

In an effort to prevent other families from suffering the tragic loss of a loved one, The Angel Above Foundation was formed. Angel Above was founded in 2010 by the family and friends of Sharon Coppage, to honor the memory of an incredible woman who died in June of 2007. Our mission is to carry on Sharon's passion and zest for life by aiding a variety of causes that help to save lives.

We hope to raise funds and bring health, hope and happiness to families impacted by a variety of illnesses. Please take a few minutes and look over the enclosed brochure explaining a bit about our foundation and those causes that we are looking to raise funds for. To kick off our fund raising efforts, we are having a Bull & Shrimp Roast on Saturday, June 5, 2010 at Oregon Ridge and have started selling 50/50 tickets with the winner to be drawn on the 5th. We rely on the support of individuals, corporations and friends of Sharon to fund life saving research. If you wish to make a donation to the Angel Above Foundation and/or attend the roast, please contact Don Coppage, 410-771-4088 or Kristen Duklewski, 443-844-4210. You may send your donation to:

Donald Coppage

ANGEL ABOVE
Foundation

*Founded 2010
In Memory of
Sharon Coppage's
Caring, Compassionate
& Giving Spirit*

ANGEL ABOVE

Angel Above was founded in 2010 by family and friends of Sharon Coppage. We want to remember Sharon as the amazing wife, mother and friend that she was by helping others with the same "can do" attitude she emulated throughout her life. Sharon passed away suddenly in June of 2007 leaving a family and countless friends to wonder how they could carry on her compassionate nature and zest for life. If anyone needed her help for any reason she would be there. We want that to carry through in Angel Above. Our mission is to help save the lives of those affected by a variety of illnesses. We want to make a difference and need your help to do so. We want to have our Angel Above smiling down on all of us for the wonderful work we have dedicated ourselves to doing in Sharon's memory. Please read about the causes your donation will be aiding. We also hope to see you at the Bull & Shrimp Roast as Sharon loved to have fun and laugh!!

Who can you help? Where will the money go?

With Sharon passing away from an undetected heart condition and her grandson, Dylan, being diagnosed with a congenital heart defect, a portion of the proceeds will go to the Helen B. Taussig Congenital Heart Center at Johns Hopkins, a world leader in advancing pediatric cardiology care.

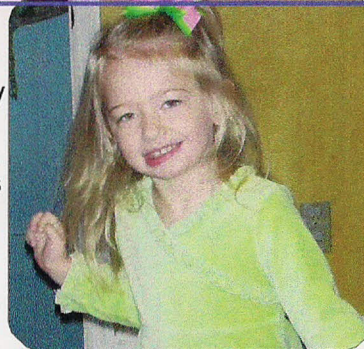

Every 15 minutes a baby is born with a Congenital Heart Defect (CHD) a staggering statistic when you think about it. Children undergo surgeries and sadly, some die every day from CHDs. We need to understand what causes CHDs and to prevent them. We need to detect and diagnose CHDs as early as possible. While much progress has been made, we need to develop new treatments for CHDs so that children undergo fewer invasive surgeries and improve the long-term prognosis for children with CHDs.

Addie Stroup

Can you tell she suffers from Epilepsy? Unfortunately, epilepsy can haunt you or your loved ones at anytime. Epilepsy and seizures affect almost 3 million Americans of all ages. A portion of the proceeds will go to the Stroup Kids for Kids

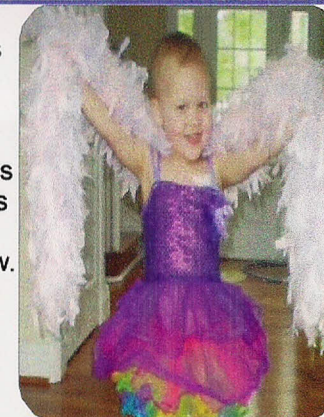

Epilepsy Foundation. They raise money to increase awareness of how epilepsy can affect you and to help find a cure someday! Sharon became involved prior to her passing and would be overjoyed to know that with your support we can help prevent, control and cure epilepsy through life-saving research, education, and advocacy.

Ava Daniels

At age 2, Ava was diagnosed with Acute Lymphoblastic Leukemia; which is where cancer cells begin to invade your bone marrow.

Through the help of research and medical trials the survival rate has improved from zero four decades ago, to 20-75 percent currently, largely due to clinical trials on new chemotherapeutic agents and improvements in stem cell transplantation (SCT) technology. Currently Ava is at the half way point of her 3 year treatment plan. There is a trust that has been set up with M&T Bank to help pay for the overwhelming medical costs. Help us aid in lifting some of the financial burden so that Ava and her family can continue to fight and focus on her recovery.

We are dedicated to helping those in need of support and hope!!
